Dear Si,

I've often wondered, during how your book, with your subtitle, was coming along, as I was reading the Duke Alumni Register, and suddenly thought why might it not be a possibility for you to lecture for some of the University Press organizations around the country. Or have you & Shaw that the Duke Univ. Press is a very active adjunct of the Univ.

My address is: Station 6097 College Station Durham, No. Carolina 27708 27708
